

NBB®

AUXILIARY LAMP ALPHA

TOXIC FREE

HALOGEN AUXILIARY LAMP NBB ALPHA

LUXLINE, the auxiliary lamps of NBB, have undergone various tests proving that they provide better luminance than most comparable lamps of the same size. LUXLINE auxiliary lamps both extend and widen your normal beam. With LUXLINE you obtain more safety in your driving. LUXLINE auxiliary lamps meet the most stringent quality demands of the automotive industry. LUXLINE combines high demands for function and quality together with modern design.
